

Dear Vicki

Well love I hope things are going good over there for you now. I hope you don't let the little thing I told Debbie to call you get you wrong I don't want to get rid of you I just worry about you when you are up town and that is why I said what I said ok love lets just forget about the whole thing ok love I have not written for awhile so I might have trouble putting what I have to say on the way I feel on paper so I hope you understand. I was very happy to talk to you on the phone I think that now I can be sure that you will stand by me even if I get ~~a~~ a little more time. Well I saw the guy from the parole board. He told me that I don't have a chance for parole so I didn't count on it but I guess the police thought different they probably thought that the first time in the pen so he will get parole so that means that they think this is the sentence so now they put two more charges so that I can't even try for parole so lets not think about it ok love. I went to court

today and they put the charges I had with Richard I was not expecting them they are from september if I know they have no proof but I guess they expect me to plead guilty but I won't I will go right to the end and I will find out who said what. I will try and get the charges put off untill next year and get on bail so I should be out in December so long in there I would not blame you if you just left me once you got out for good but I know you love me and would not do such a thing so don't think I am thinking bad again remember I have faith and I really do trust you no matter how much you think I don't ok love I got in touch with my mother and she said well I told her to get some money up to you so to find out you better phone her at this number 957-7917 ok love I will probably see you again before you get this so I will talk to you then. I talked to Beaver on the phone the other day he only got eight stripes in the head and he is ok Debbie got it at the worst but is making out ok now. Have you heard from your friend Linda at all since she got the place she was when you met her. if not I guess you will ~~have~~ have to find a new friend <sup>Right away</sup> Well love remember

I love you

As long as a pussy  
has a tail  
My love for you  
will never fail
