

Muya honey-pie,  
I have two things to say first I  
don't believe it, I just read in today's Star that  
you'll probably be transferred back to the old pen  
on December 17<sup>th</sup> 'cos most of the repairs are  
done. Is that true? Boy I hope so, I'll visit  
you right away 'cos I have so many things  
to talk about to you.

Secondly, it's Tuesday today & I can't believe  
it, you finished court on Thursday & I  
haven't got a letter yet. How come? Don't  
you love me any more? If so at least  
tell me, I know I looked terrible in court  
but I hope it wasn't just my looks you  
loved. Anyhow I'd better get one tomorrow or I'll  
be mad mad mad.

So I have some good news, Carol is moving  
in with me till you get out. That'll be  
really great 'cos it'll ~~save~~<sup>save</sup> me some money  
& I'll be able to put aside some for us  
till I talk you into working!! Yes my little  
treasure I'm gonna try, no not with nagging,  
with love. I'll try to get the \$30. you want  
up to you by Xmas, what's the latest you  
need it by? Don't forget to answer.  
Boy what a day today, I hope you don't  
mind when I talk about outside, if it  
has you tell me o.k & I'll won't write

about it anymore. Got up this morning to a whole gang of snow so I know I have to leave by 7.15 am to get to work on time. I'm out the door, clean the caddy! & off I go but unfortunately my car does not possess a heater. (yes, I do freeze sometimes) So all fogged up 'cos of the humidity I bravely face the traffic. Well I wasn't the only person doing 10 M.P.H. the whole world was god what a drive, opening windows to change lanes etc etc anyhow I got to work finally at 8.30 am only to find the boss wants me to go on the road right away. So out I go in the Volvo & feel like I'm swimming!! Anyhow work day ended & now I'm in a bind, no gas (well enough to get home) & no money. I was so broke I had to do my laundry by hand this week. What a drag. Anyhow I solved my gas problem by picking up Debbi & filling up in St. Laurent at a self serve & shit thinking about it we forgot to pay!! Oh well. Came home had supper & Carol is coming over at 10pm (she's not moved in yet) for awhile. &

I want to take a course at Silhouette & keep firming up my body. It's right around the corner here. I guess I will

③  
in a couple of weeks.  
I phoned for a part time job from 5pm-9pm  
at the Verdun General as a T.U. rental clerk  
I'm going to fill out an application tomorrow  
Hope I get it, wish me luck o.k. honey?

So not much more news, got a Xmas Card  
for us from Pierre today also a letter from  
Red, he says "hi". Both want to know what's  
happening to you so I'll write back on the  
weekend. So take care precious, I do love  
you a real lot & no matter what you  
think or how depressed or bitchy I get I  
know we'll make it once we're together. I  
think the last months I also not knowing  
the end is hard on both our nerves so  
we should try hard not to take it out  
on one another as that would be the  
worst thing to do as we only have one  
another once so we should make our  
love a thing of remembrance not a  
hostel of arguments. So take care love,

I love you very much.

X all my love X
