

Hi love,

Well I didn't write to you for a couple of days 'cos firstly I have only 2 stamps left & no cash, secondly I was busy working & fixing up the place & was kinda tired & thirdly

I have not heard from you this week & today is Wednesday. How come? LARRY McFAT 9836

I don't have a lot of news honey pje just that I love you & miss you a great deal & it hurts me a real lot when I don't hear from you. I'll be calling the pens on Friday to see how the visits are coming. Have you heard anything

Well the house is coming along great. I've finished fixing the kitchen & I just fixed the bedroom tonight while my stew was cooking. JOHN DOVAL 553/ ST LOUIS

Debbi is still in the hospital, she had the operation on her leg yesterday, they removed part of her hip & inserted it in her leg to straighten it out & a metal plate. She called yesterday but was nodding out on me while she was trying to talk. She didn't sound good at all, at all & she has to be in for another 10 days at least. I've only

been to see her once so far 'cos I've had  
no gas, the car breaking down really  
unbalanced my money. Oh well!! Rep 620/170

Louise came by to see me last night. She's  
cool, I remember her she came to see me

all the time inside & brought me my  
shit, etc etc & took care of Roman's  
car for me. She stayed till about 11.30  
then I washed my hair & went to bed.

So honey there is no more news for  
now I'm waiting to hear from you. I  
love you a lot, lot, lot. I thought about  
you a real lot today especially since

its your birthday. Happy birthday although  
its not a very happy one I guess but I  
thought about you. My divorce is in one  
week!! Hurrah. So take care of yourself

love & be cool its not long now O.R  
honey. Love you forever but please write,  
its very lonely not hearing from you.

All my love Billy 769-0258
